## PORTABLE CROSSWALK SIGN WITH RUBBER WEIGHTS

### • SAFER FOR DRIVERS

- The portable sign notifies the driver in advance of the presence of a cross walk, even with pedestrians on the sidewalk, the yellow reflective sheeting advises the driver to slow down.

### • SAFER FOR CROSS GUARDS

- The portable sign could be used on one to two crosswalks or at an intersection. The easy to install signs allow the cross guard to carefully manage multi-directional traffic.

### • SAFER FOR THE KIDS

- The highly recognizable sign, allows the kids to identify from a distance the intersections where a cross guard is available to help them cross.

## STOP PADDLE

The cross Guard stop paddle is made in aluminum and high intensity reflective sheeting (3M).

**Dimensions 12" x 12"**  
**Wooden handle 8"**

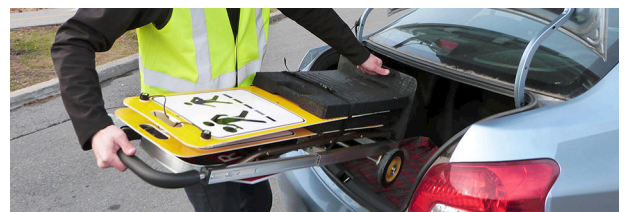

## SEAT AND BOTTLE HOLDER

With the comfort of the cross guard in mind, a foldable seat and water bottle holder are included in the kit

## HAND TRUCK

The Crossing guard kit is fully assembled on a hand truck allowing the user to organizes and utilize the products as needed. The handle is retractable making it easy to store in the back of a car and allows easy transportation.
